

Having studied  
En aidant mes amis à réussir

The behaviour in private schools  
J'ai horreur des examens

Je me passionne pour les langues vivantes

I hate exams

Je doute que je puisse  
Il y a plus de problèmes

I would change the school rules

If I was the headmaster  
There are those that think that

I have always dreamed of becoming a doctor  
Nobody goes to university

By helping my friends to success  
Certains élèves m'empêchent de travailler
